#### Remarks

Young custom built Colonial features spectacular 2018 top-of-the-line kitchen! Miles of tasteful cabinetry and huge center island are complimented by the 6 burner Thermador range with double ovens, built-in Gaggenau coffee/espresso station and more! Entertaining is a breeze in the open concept kitchen/family room and massive dining room. On the second floor you will find four generous bedrooms including the primary suite with spacious master bath. The third floor delivers a punch with full bath and a flexible layout including a bedroom or office plus media room. You will find high ceilings through out and a two-car garage. Enjoy sounds of nature and peaceful woodland views from the rear deck. Potential for even more space in the unfinished lower level. All this tucked away on a quiet cul de sac abutting conservation land, yet with easy access to all major routes.
